

# Sealing Systems

## Divisible Connector

### Description

Radius Divisible Connector provides high quality, effective and simple solution to gas and watertight duct sealing requirements.

This modular system can be fitted easily onto new and existing installations. Thanks to its small and compact design, it can be installed in most situations even in hard to reach places.

### Assembly

Very simple with no tools required. The assembly is supplied with all components in place.

The Divisible Connector consists of two halves which should be fitted around the connection area. The connector is then sealed by sliding on the side clasps.

Parts
2x body halves
2x seals
2x grips
2x clasps

### Technical

Radius offers wide range of Divisible Duct Seal Connectors for different duct sizes.

Duct Size O.D. [mm]	Nominal OD [mm]	Length [mm]
7	26.2	80
10	29.25	80
12	31.25	80
14	33.25	100
16	35.25	100
18	37.4	100
20	39.2	100

#### BENEFITS

- Fast & easy assembly
- Tool free
- For direct burial
- Retrofittable, can be installed any time, any place
- Slide-on clasps
- ergonomic design
- gas- and water tight up to 15 bar for 30 minutes
